Nedbank Money app

A secure and convenient way to manage your money **on the go**. Now you can bank **anytime, anywhere**. Bill payments is a new feature on the Money app and Online Banking that gives you complete control of your payments while you earn Voyager Miles.

Why wait? Download the **Money app** today.

Use your card to make payments and avoid using cash.

From January 2026 we will be changing your annual card maintenance fee to a monthly fee. This means instead of 1 annual card fee payment that is billed each year in the month your account was opened, you'll now pay a smaller fee each month, which will make it easier to manage. The new monthly fee will take effect from the month you opened your account.

There's no change to your card benefits or features, just a more flexible way to pay your card maintenance fees.

Our tips for saving and keeping your money safe

General tips

Get SMS notifications for transactions and set card limits to prevent overspending.

Set automatic payments for your bills close to payday so that you can know what you have left for the rest of the month.

Keep a money diary for a month and log everything you buy every day. At the end of the month, compare the smallest amount with the biggest that you spent and see if you spot a trend.

Digital tips

Use our digital and self-service channels for more convenient and efficient money management.

Access and transact on the Money app without using data across all major South African mobile networks.

For extra security, set up biometric security to prevent other people from opening your app.

Get unlimited free access to your credit score on the Money app.

Use our free MoneyTracker on the Money app to track your spending and make your money work harder for you. You can draw up budgets, manage cash from side hustles, monitor your business finances and more – all with one digital tool.

For convenient Cellphone Banking, dial *120*001# and register anytime, anywhere, using your Nedbank card and PIN. You can play LOTTO, send money, buy electricity, pay beneficiaries, freeze a lost or stolen card and much more.

Digital safety tips

Download the Money app from the App Store on iPhone or Google Play on Android only.

Only allow people you trust to use your phone and don't give them your phone's passcode.

Delete all content and settings from old phones if you sell your phone so that you don't leave your Money app profile open to the person who buys your old phone.

Turn on automatic app and software updates and delete apps you don't use.

If your phone has been lost or stolen, you need to block your card on the app and notify us immediately.

ATM tips

Save time and money – use our ATMs for quick and cheaper cash deposits of up to R25 000.

Scan a QR code at selected Nedbank ATMs to get cash! It's quick, safe and easy, and costs the same as Nedbank ATM withdrawals.

ATM safety tips

When you use an ATM, always be alert and aware of your surroundings so that you do not compromise your card or PIN.

Be cautious of people offering to help you use the ATM and never share your PIN with anyone.
